

# YACHTSAT

Keeping you connected is our Priority

**TOPIC** A new strategic office located in Saint Martin.

## **WHO THEY ARE**

YachtSat, Inc is a reputable maritime satellite service company based in Fort Lauderdale, Florida.

In an era where connectivity is key, the entire YachtSat team is dedicated to providing a fast response and reliable solution to keep you connected globally, year-round, whenever, wherever.

## **WHAT IS NEW**

With 30 years of combined experience, both founders (Craig Stolarz & Benjamin Fierstone) are proud to bring their expertise to the heart of the Caribbean and announce the opening of their new office on the beautiful island of Saint Martin. They both believe that “St Martin is a prime location in the Caribbean to offer a wide range of high-quality services”. YachtSat will also “travel to the surrounding islands” such as St Barth, Nevis, St Kitts, Antigua, etc.

The latest addition to the YachtSat team now includes an Executive Sales Manager who resides in Saint Martin and provides VIP treatment to any incoming requests.

## **WHAT IS PROVIDED**

YachtSat SXM provides fast turnkey solutions for all your maritime satellite VSAT and TVRO systems.

All of YachtSat’s engineers are Factory Certified by SeaTel, Orbit, KNS, KVH, Sailor and Intellian.

YachtSat SXM offers a wide range of services and is available 24/7:

- Remote support
- Preventive maintenance
- On board troubleshooting and repairs
- VSAT / TVRO Antenna upgrades
- Bandwidth and hardware sales

## **WHERE THEY ARE LOCATED**

The 1000 sq. feet warehouse and office are located in Colebay and will allow the team to stock various antenna manufacturers spare parts, as well as new and used TVRO and VSAT antenna systems. This will allow same day repairs and/or next day new antenna installations.

## **WHAT IS NEXT**

YachtSat SXM is ready for you during the 2018/2019 yachting winter’ season.

In 2019 YachtSat, Inc. will be expanding to an office in the Mediterranean to enhance their international coverage.
